CHEMAM is an independent, non-profit institution. The purpose of CHEMAM is to channel Spiritual Energy into all avenues of expression and to bring to the attention of leaders, and those seeking more to life, the value of the ideas inherent in metaphysical, religious and traditional cultures. The purpose is to show that the standards coming out of such ideas, when applied correctly, promote clearer, more purposeful and productive human relations.

ASTROLOGY BASIC I– This series combines lectures, lively discussion, and creative exercises in a group atmosphere. Students will begin to learn this new language of astrology as they are introduced to the signs, planets, and houses. Also covered is the meaning of the placement of the Sun, Moon, and Ascendant as it applies to the student’s personal chart.

8-week class

ASTROLOGY BASIC II– This series builds upon the foundation built in Basic Astrology Series 1. Each class covers topics that explore the relationships between the signs and the planets. Students are given ample opportunity to learn more about themselves by applying the class lessons to their own chart. This series will introduce the ephemeris as a tool to identify current planetary transits to the student’s charts.

Prerequisite: Basic Astrology I 8-week class

ASTROLOGY BASIC III– This final 8 week series of Basic Astrology emphasizes observation of the lunar cycles in each student’s chart through identification of behavior patterns. The student will watch the influence of the Moon phases and learn to understand their meaning. This series will also introduce the Solar Return as a chart of the transiting energies for the coming year.

Prerequisite: Basic Astrology 2 8-week class Wednesday or Saturday

ASTROLOGY – A LUNAR CYCLE WORKSHOP – This monthly series is for those students who would like to make the study of astrology practical in their own lives ... In a supportive atmosphere students with a basic understanding of astrology will have an opportunity to Make astrological connections; Identify and detach from the “unskillful: expressions; Heighten their awareness of and choose “skillful” expressions.

Teacher: Kendra Esser 3-Month Series – meets monthly

ASTROLOGY – Transitory Class – This four-week intermediate astrology class is a transition from basic astrology to the more advanced astrology classes. The purpose of the class is to provide students with a class setting to enhance learning *aspects and transits*.

ASTROLOGY: SECONDARY PROGRESSION - is the most popular system of progressions. Learn another tool used to bring the natal chart into the present moment. During this eight week session you will have the opportunity to learn how to calculate and read secondary progressions as they relate to your natal chart. Pre-requisite: Basic astrology and a basic understanding of transiting planets.

Teacher: Helen Kolada 8-week class

CHAKRA – Whose Chakra is it Anyway? - Each Chakra has a function and a purpose. By becoming conscious of how the charkas work in us, skillfully and unskillfully, we have the opportunity to better know ourselves and our environments and can take greater charge of our life energy output. In this class we will study the forces of each charka, discuss our experiences and do exercises in order to greater understand how we operate, how we are affected and how we can work consciously to clear our Centers.

8-week class

HATHA YOGA CLASS - Small class, friendly supportive atmosphere, beginners welcome! Center * Stretch * Peace of Mind

Instructor: Michele Innenberg 8-week session

LIFE PLANNING SERIES: OUR SOUL’S INTENT Some of the most profound experiences come when you make a *conscious* decision and take an action to achieve an internal quality change. This series of workshops is designed for those individuals who are highly motivated to make such a soulful change..

Teacher: Bridgit O’Sullivan 8-week class

METAPHYSICAL PRINCIPLES I – Join this class and explore and study basic principles of metaphysics. Open up the possibility of that which exists beyond our ability to perceive with our physical senses. Subject matter includes:

* Know Thy Self * Self vs. Not Self * Rays: Qualities of Energy * Levels of Consciousness * The Seven Chakras * Cause & Effect

Teacher: Bridgit O’Sullivan 8-week class
